GREENSBORO GARDENS

—ART DAHLIAS—

GREENSBORO, MARYLAND

In presenting our 1927 catalog, we wish to thank our many patrons for their past favors and express our great appreciation for the many letters sent us, expressing their more than satisfactory results from our tubers and plants, and the great pleasure they derived from their flowers.

We again most earnestly solicit the patronage of all our former customers, and trust those who have not dealt with us before will make an early selection from our catalog and send us at least a trial order, knowing that success must result from the planting of our Dahlias.

All our roots are from Field Grown Stock. Roots should be planted six inches deep with eye up. Plants are hardened and well rooted before shipment. One planting of our Dahlias affords blooms from August until frost.

Throughout our catalog the Asterisk (*) before name of a Dahlia, indicates a stem most suitable for cutting.

ORDER EARLY—Preventing possible disappointment.

SUBSTITUTIONS—Made only with your permission.

TERMS—Remittance with order.

DELIVERY—Shipments start May first. We prepay transportation.

ON ORDER—Please write plainly your name and full address.

GUARANTEE—All tubers and plants to be true to name.

WELCOME! ALWAYS!

Come to GREENSBORO GARDENS any time from Mid-August until frost, and enjoy acres of the most beautiful Dahlia blooms of every shade and color.

We are only 88 miles from Philadelphia—Penna. R. R., or, Motor through Wilmington, Newark and Elkton—Maryland's famous State Highway, 107 miles. Motor over the Du Pont Boulevard to Dover, Del.—turn right at West Division Street, to Marydel, thence by Maryland State Highway, 93 miles. Every mile a Boulevard—by either route.

***Enchantress (Cactus).**

A large chrysanthemum like flower. Description on page 9.

DECORATIVE DAHLIAS

***Amun Ra or the Sun God (Giant Decorative).** One of the most sensational Dahlias; distinct both in color and formation, and while a giant in size is without coarseness. Shading to gold and amber, deepening in the centre to a dark reddish brown, the effect as a whole looks like a gorgeous sunset. The stems are strong; flowers last long on plant or when cut. See colored illustration on page 8.

Tubers, \$1.50; plants, 75c.

Azalea (Decorative). Always attracts attention on account of its pleasing color and freedom in flowering. The flowers are good size, creamy yellow, suffused with salmon, shading to old rose, the depth of this shading depending upon weather conditions. Tubers, 50c.; \$4.50 a doz.

Bashful Giant (Decorative). One of the largest Dahlias yet introduced; a great, attractive exhibition flower; color apricot with golden suffusion and shadings.

Tubers, \$1.00; plants, 75c.

Bonnie Brae (Decorative). Flowers of immense size of true decorative form, pale sulphur shading to creamy white, suffused with light rose pink. A great Dahlia that should be in every collection. Tubers, 75c.; \$7.00 a doz.

***California Superba (Decorative).** Claimed, with good reason, to be the largest light pink dahlia. The bloom is composed of narrow petals of a delicate pink and without blue tones, shading to white at the centre. Free bloomer on good stem. Retains its centre all season. Plants, \$2.00

Carmencita (Fancy Decorative). Of all the fancy decorative varieties this is more consistently true in coloring than any other, in fact we have never seen it produce a self colored flower. The blooms are of large size, of unusually graceful formation; a bright yellow, striped with red. The plant is a compact grower, and a mass of bloom throughout the season; these are borne on good stems and are among the best to last when cut. See colored illustration on page 5. Plants, 75c.

DECORATIVE DAHLIAS—(Continued)

***Champagne** (*Giant Decorative*). One of the largest Dahlias, but it has not only size to commend it, but is a model for shape, habit of growth, freedom of flowering and above all, its remarkable and distinct color, very aptly described by its introducer as golden champagne with chamois shadings, which color combination no doubt suggested its appropriate name.Tubers, \$1.00

***Dakota** (*Decorative*). One of Judge Marean's introductions, a very large exhibition flower of good form on stout stems, color a deep tone of rich coral red with coppery suffusion; a good decorative garden variety. . . .Tubers, 75c.

***Doris Farrell** (*Decorative*). A splendid large, well-shaped flower of a pleasing lively shade of lilac pink with lighter suffusion, fine stems; ideal for cutting. . . .Plants, \$1.50

***Dream** (*Decorative*). A lovely color of peculiar pink, more the coloring of peaches. An excellent cut flower of medium size.Tubers, 50c.

***Dr. Tevis** (*Decorative*). The coloring is of soft salmon rose suffused with old gold.Tubers, 50c.

***Faith Garibaldi** (*Giant Decorative*). A winner of Gold Medals. This is one of the most beautiful of dahlias; a profuse bloomer, starting early in August continuing until frost, producing large deep flowers on straight stiff stems. When first seeing this flower you pause in awe because of its intense depth of beauty. Unsurpassed for cutting and will last for a week in the house. A most beautiful shade of rose-pink. See colored illustration on front cover. . . .Plants, \$3.75

***Frau G. Scheiff** (*Decorative*). A most admired decorative type, bright lively chamois, with a faint suggestion of orange suffusion. The arrangement of its petals is quite distinct, often showing the coppery-orange reverse by their peculiar twisting.Tubers, 50c.; \$4.00 a doz.

***Gladys Peacock** (*Decorative*). A massive flower that lasts long. The flowers are of immense size, on very long, stiff stems. The color is lemon yellow at base of petals, shading to rose red; reflex red, veined, light mallow purple. A splendid exhibition variety.Plants, \$1.50

***Gloriana** (*Giant Decorative*). A variety of huge size, and a splendid Dahlia for decorative effect, either for the garden or as a cut flower. Color pure old gold, intensified by a reddish glow in the centre. Exceptionally good long, leafless stems.Tubers, \$1.00

***Glory of Argonne** (*Decorative*). The most beautiful pink and white Dahlia grown. Color delicate violet rose shading to white at centre, perfect, even form on erect stem. One of our best for cut flower and exhibition.Tubers, 75c.

***Hortulanus Fiet** (*Decorative*). Flower over 8 inches in diameter of the most delicate shade of shrimp pink, the tip of each petal barely touched with gold. The entire flower has a suffusion of delicate tints of red and yellow, which gives a glow, yet softness of color of great charm.Tubers, 75c.

***Hortulanus Witte** (*Decorative*). Very large, pure white; with good stems.Tubers, 25c.; \$2.00 a doz.

***Immense** (*Decorative*). Very large white suffused and tipped with bright rosy crimson.Tubers, 50c.

***Insulinde** (*Hybrid Decorative*). Of beautiful autumnal coloring, the entirely distinct formation of its flowers being borne on rigid, stiff stems and held in horizontal position like a zinnia, aster or chrysanthemum, different from any other Dahlia. These flowers are large, 7 to 8 inches in diameter, with just sufficient broad, long curled and twisted petals to form a perfect and graceful flower of a beautiful golden ochre, with salmon red suffusion, which deepens towards the centre.Plants, \$1.00

***Isabel Street** (*Decorative*). A grand new variety. The flowers are large and are produced on long cane stiff stems. It is an early and continuous bloomer. The color at base of petal is bright yellow, shading to bright rose-red, with white tips, reflex pale pink. The large long-stemmed flowers are very full, the outer petals reflexing to the stem.Tubers, \$1.50; plants, 75c.

***Jack Rose** (*Decorative*). The best crimson for garden or cutting; that brilliant red that made the "Jack" Rose popular and suggested the name. . . .Tubers, 15c.; \$1.25 a doz.

***Judge Marean** (*Decorative*). A very large flower of perfect decorative shape. The colors changing as the flowers pass through different stages of development are a combination of glowing salmon pink, red, iridescent orange, yellow and gold, all blending most harmoniously; it is an early and continuous bloomer on long stems. . . .Plants, 75c.

***King of Autumn (The Sunshine Dahlia)** (*Decorative*). The crowning success and pride of H. Hornsvelt, the greatest dahlia introducer of the world. Like Attraction, it will be in the greatest demand. The color is a bright terra cotta suffused with gold.Plants, 75c.

***Kittie Dunlap** (*Decorative*). Flowers early and continues perfect throughout the season. Its blooms are of the largest size, all that can be wished for in shape, and are carried on long, stiff practically leafless stems well above the plant; in color it is a much admired shade of carmine rose with a brilliant suffusion difficult to describe. . . .Tubers, \$1.00

***Kitty de la Mare** (*Decorative*). It is a very strong, vigorous grower, of branching habit, producing flowers of medium size and lovely primrose-tinged pink color on long stems in the great profusion. . . .Tubers, 15c.; \$1.25 a doz.

***Laddie** (*Decorative*). Soft yellow, shaded orange, the brilliant orange tint in the depth of the flower gives it a glowing appearance that is fascinating. Large flowers are produced in profusion and are held erect on strong stems, a most desirable cut flower that should be in every collection.Tubers, 75c.

***La Mascotte** (*Decorative*). Entirely distinct in formation and coloring. The face of the petals is silvery pink, while the reverse is reddish violet, the petals being quilled on first opening; the two-toned effect produced is very novel and pleasing. The flowers are of medium size and are produced on good stems in great profusion. . . .Plants, \$1.50

***Le Grand Manitou** (*Decorative*). White ground striped and speckled violet; blooms freely on long erect stems. One of the most popular dahlias. . . .Tubers, 50c.

***Lotus** (*Decorative*). Lotus is a favorite with every one who sees it; in color a most lively orange with an iridescent metallic luster that makes the flower stand out prominently among all others. It is of good size and in shape is not unlike a water lily, cut with short stem and laid in shallow dish, the effect is entrancing; it has splendid stems; grand for garden decoration and a glorious cut flower, particularly luminous under artificial light.Tubers, 75c.

***Lyndhurst** (*Decorative*). A good, all-around dahlia for the garden or cutting; a brilliant cardinal red.Tubers, 15c.; \$1.25 a doz.

***Madonna** (*Decorative*). Pure white, free bloomer, flowers are borne on long stiff stems.Tubers, 50c.

***Mary C. Burns** (*Decorative*). Unique in color and entirely distinct from all other varieties; the flowers are large, of perfect decorative form; in color a luminous old gold with reddish reverse, a novel and pleasing color combination. The flowers are held erect on good stiff stems and are produced in great profusion.Plants, 75c.

***Millionaire** (*Decorative*). Stillman was the originator. Lavender, among the largest dahlias grown, a favorite, as a millionaire should be.Plants, 75c.

***Minnie McCullough** (*Decorative*). A wonder, because of its combination of Autumn shades—the gold and red of autumn leaves. A wonderful bloomer, fine for cutting. Your garden is not complete without this suffusion of color.Tubers, 25c.

***Mrs. Carl Salbach** (*Decorative*). A California variety which has been accorded many honors. The plant is of exceptionally clean, vigorous, erect habit, producing its flowers on unusually long, stiff stems. These are of splendid decorative form, measuring fully 9 inches across, and are of a pleasing, lively shade of sofferino pink with white suffusion, which brightens and intensifies its color, which is equally fine under natural as well as artificial light. . . .Tubers, 50c.

Carmencita (Fancy Decorative).

Blooms are large and of graceful formation. Description on page 3.

DECORATIVE DAHLIAS—(Continued)

***Mrs. I. de Ver Warner** (*Decorative*). The best-known and one of Judge Marean's finest introductions, produces great masses of absolutely perfect flowers under all conditions. In color it is of that refined, pleasing deep mauve-pink that is usually referred to as an orchid coloring and which every one loves. The flowers are large, of perfect form, on long, stiff stems. Blooms early and long. See illustration on page 14. Plants, 75c.

***Mrs. Richard Lohrman** (*Decorative*). A fine, pure deep golden yellow of large size holding its flowers high above the foliage on long upright stems, an excellent cut flower, and a splendid exhibition variety. Plants, 75c.

Oregon Beauty (*Decorative*). Its rich color, an intense Oriental red with golden sheen and garnet suffusion makes it one of the varieties that stands out prominently.

Tubers, 50c.; \$4.00 a doz.

Paul Bonyon (*Decorative*). A most desirable autumn tint, a beautiful salmony pink with a golden sheen which intensifies the coloring; flowers of perfect form, good size. A free bloomer. Tubers, 30c.; \$2.50 a doz.

***Paul Michael** (*Decorative*). One of the largest dahlias. Beautiful pointed petals, curled and twisted. In color a deep buttercup yellow, shaded with old rose. Plants, \$1.00

***Peerless** (*Decorative*). A Bessie Boston creation. Tremendous bloom, very deep; regularly formed; good stem. Said to be the best clear sulphur yellow decorative. Bushes grow tall and are literally covered with blooms. Thoroughly proven in our own gardens. Plants, \$2.00

Pink Jack Rose (*Decorative*). A pink sport of Jack Rose; a very free bloomer and fine for bedding.

Tubers, 25c.; \$2.00 a doz.

*U. S. A. (Hybrid Cactus).

A continuous producer of large deep orange flowers. Description on page 14.

DECORATIVE DAHLIAS—(Continued)

***Pride of California** (*Decorative*). A brilliant, glowing cardinal red, of very large size, held on extra good stems; very free and a wonderful keeper as a cut flower; one of the best of its color. Tubers, 35c.; \$2.50 a doz.

***Pride of San Francisco** (*Decorative*). One of the magnificent newer Dahlias—fine as a specimen or for bedding. The flowers are 6 to 7 inches in diameter—borne on large stiff stems. The petals are of a most pleasing shade of salmon-pink, with soft rose suffusion towards the tips of the outer petals, and with golden base, the color effect as a whole being a pleasing brilliant golden salmon-pink, which is just as effective in artificial light as under daylight. See colored illustration on page 13. Plants, \$1.00

***Princess Juliana** (*Decorative*). An ideal pure white for all purposes. A splendid cut flower and a good decorator for the garden. It is one of the earliest to flower, and continues in good shape throughout the season. It holds its flowers well above the foliage on stiff stems. . . Tubers, 25c.

***Princess Pat** (*Giant Decorative*). Flowers of immense size and of splendid decorative form, always coming with a full centre, in color a most pleasing shade of old rose that lights up wonderfully under artificial light. Free flowering and the flowers are carried on strong stems. . . Plants, 75c.

***Queen Mary** (*Decorative*). A splendid long stemmed cut flower, not large, but of perfect form, and of tender, soft, apple-blossom pink color. Tubers, 20c.; \$1.50 a doz.

***Sagamore** (*Decorative*). Think of it as "Sagamore gold"—a rich amber gold, elusively shadowed toward the centre with salmon-rose or orange buff. Magnificent in the garden or in a vase; blooms keep for days. Plants, \$3.00

***Salmonea** (*Decorative*). A medium-sized flower of elegant form and exquisite coloring, a soft but lively tint of salmon-pink with golden suffusion; a splendid cut flower on excellent stems. Every one who sees Salmonea admires it. Plants, \$1.50

***Lolita Velasco** (Hybrid Cactus).

A marvelous white cactus dahlia. Description on page 11.

DECORATIVE DAHLIAS—(Continued)

***Shudow's Lavender** (*Decorative*). A beautiful blossom of exquisite lavender coloring. A Bessie Boston origination. Fine large flowers, held high above the attractive lace-like foliage of a tall-growing plant. Splendid stems. A true decorative and never shows a centre. No exhibit is ever without some of these beautiful flowers, and it is in great demand as a cut flower. . . . Plants, \$1.50

***Snowdrift** (*Decorative*). A truly wonderful white Dahlia, the blooms of giant size, held on good stems for cutting. The flowers are perfectly shaped. Fine, large, pure white. . . . Tubers, \$1.00

***Sunshine** (*Decorative*). A most brilliant scarlet, faintly tipped golden yellow. Exquisite formation; flowers carried erect on good stems. A splendid large exhibition variety and fine for the garden. . . . Tubers, 75c.

William Slocombe (*Decorative*). A beautiful clean-cut, pure canary yellow of splendid form, with very large flowers; it is early flowering and continues good to the end of the season. . . . Tubers, \$1.00

***Wizard of Oz** (*Giant Decorative*). A great Dahlia from all points of view, formation, color, habit of growth and freedom of bloom. Really a wonderful all around Dahlia, get it for the garden, exhibition, or cut flower. One of the largest in size, elegant formation, not coarse in any way, begins to flower early and holds its blooms perfect to the end of the season; these are produced on long, stiff stems, held so as to show them off to the very best advantage. In color it is a rare shade of amber-pink with soft salmon shading or suffusion. It always attracts great attention and is wonderful as a cut flower. . . . Plants, \$2.00

***Amun Ra or the Sun God (Giant Decorative).**
A sensational dahlia, like a gorgeous sunset. Description on page 3.

CACTUS DAHLIAS

*** Ambassador (Hybrid Cactus).** The sensational Dahlia since its introduction in 1921 when it won the first prize at the San Francisco show. Its color is a soft yellow at the centre with salmon, amber and pink shadings, gradually deepening towards the tips and outer floral rays. The blending of these colors captivates all. The flowers are of largest size, on perfect stems.....Plants, \$1.00

*** Attraction (Cactus).** Large, elegant flower of a clear lilac rose, borne on long stiff stems and a dahlia of exceptional merit. A true peony-cactus type.....Plants, 75c.

*** Betty Austin (Cactus).** The perfect Dahlia. Free and continuous bloomer. The flowers are full to the centre. Color, yellow at base of petal, blending to rosy carmine, and rose yellow at tips; reflex rose. The form is the ideal Hybrid Cactus, while the long slim stem holds the flower up to look you frankly in the face. The flowers are about seven inches in diameter. A wonderful commercial cut flower and an ideal garden plant.....Plants, 75c.; tubers, \$1.00

*** California Enchantress (Hybrid Cactus).** Flowers of very large size, of great substance and of a delightful shade of soft pink, borne on stiff, wiry stems in a great profusion. A splendid Dahlia in every way..Plants, \$1.00

*** Cigarette (Hybrid Cactus).** A distinct and novel Dahlia, attracting great attention. In color it is creamy white heavily edged with pomegranate red, but it varies greatly, no two flowers being exactly alike. The petals are long and inclined to roll, forming a large, deep, well-shaped flower of great substance on very long stems of best quality. Tubers, \$1.50; plants, 75c.

*** El Granada (Hybrid Cactus).** Bessie Boston creation proven out in our own gardens. Been winning gold medals in California; and the Dr. Tevis prize for "the most artistic dahlia." A vivid orange, the petals twisting and interlacing, showing at the tips a creamy yellow reverse. A wonderful dahlia growing or cut.....Plants, \$4.00

***Mariposa** (Hybrid Cactus).

Perfectly formed, blooms early and long. Description on page 11.

CACTUS DAHLIAS—(Continued)

***Enchantress** (*Cactus*). A Holland introduction of chrysanthemum-flowered form with pretty fluffy flowers composed of long, recurving petals of a glistening salmon-rose with golden suffusion; a dainty cut flower. See illustration on page 3 Plants, \$1.25

***Etandard de Lyon** (*Cactus*). Everyone admires this beautiful rich carmine rose or royal purple. The flowers are distinct in shape from all others, with broad, curling, wavy petals which form a flower 6 inches in diameter and 4 inches deep; a large flower, without stiffness. Tubers, 50c.

***Fascinating** (*Hybrid Cactus*). A particularly well-shaped flower of good depth and of an exceptionally pleasing color, a brilliant glistening mallow-pink with silvery suffusion, the flowers are carried on long stems and are produced profusely, continuing to the end of the season. We consider this a valuable addition to the pink Dahlias of which there are comparatively few..... Tubers, \$1.00

***Francis White** (*Cactus*). A splendid white cactus of exquisite form with long narrow incurved and twisted petals. Large size, generally about 7 inches across, borne on long graceful stems. Color pure white shading to sulphur at centre. An early and extremely profuse bloomer. One of the best for garden and exhibition..... Tubers, 25c.

***F. W. Fellows** (*Cactus*). One of the very best cactus varieties, with flowers of unusual size for the long, narrow-petaled type, of which this is one of the finest representatives. In color it is an intense coral red, with deeper suffusion at the centre..... Tubers, 40c.; \$4.00 a doz.

***George Walters** (*Hybrid Cactus*). One of large-flowered Californians, producing its blooms on long stiff stems very freely; these are of a pleasing salmon color with shrimp-pink shadings..... Tubers, 75c.

***Gladys Bates** (*Cactus*). Very large, perfect flowers with incurved petals of a golden salmon, the reverse being

***Jean Chazot or Gay Paree** (Hybrid Cactus).
Produces large flowers of autumn colors. Description below.

CACTUS DAHLIAS—(Continued)

rose, the two colors giving the effect of a golden old rose. Early, free and continuous bloomer; exceptionally good stems. One of the most popular varieties of the Cactus type. See illustration on page 11.....Plants, 75c.

***Gladys Sherwood** (Hybrid Cactus). A giant among pygmies when compared with other whites of this type. Flowers sometimes 10 inches in diameter, composed of long, curling petals of glistening white, forming a flower of unusual depth. These giant flowers are held erect on strong stems and are produced in wonderful profusion. It ranks high for exhibition.....Plants, \$1.00

***Golden Geisha** (Cactus Peony). A great acquisition to the peony class. Color clear, light canary yellow with a scarlet suffusion or blotch on each petal, most effective. The form is hybrid cactus and perfectly full at first, but later shows the Geisha form as well as a bright and refined Geisha color. Is a very strong vigorous grower and free bloomer, with long, stiff, graceful stems, especially fine for cutting and decorations.....Tubers, \$1.00; plants, 75c.

Graphic (Cactus). Richest crimson, shaded maroon, tipped white. Long pointed incurved petals. A beautiful flower, with long stems.....Tubers, 50c.

J. H. Jackson (Cactus). One of the best and most reliable of the so-called black dahlias; rich velvety maroon, shaded black. A fine large flower and a free bloomer.
Tubers, 35c.

***Jean Chazot or Gay Paree** (Hybrid Cactus). One of the very finest of all the autumn-tinted cactus varieties for cutting as well as for garden decoration. The flowers are of good size, very graceful formation, held on stiff long stems in such a manner that they show the full flower to best advantage. The color is a capucine or nasturtium red with golden suffusion, frequently tipped with golden yellow. See illustration above.....Tubers, 75c.

***Kalif** (Cactus). A truly majestic flower, frequently measuring over 9 inches in diameter, of perfect cactus form, in color a pure scarlet. The habit of the plant is all that can be desired; the gigantic flowers, produced very freely,

***Gladys Bates** (Cactus).

Golden salmon and old rose, a free bloomer. Description on page 9.

CACTUS DAHLIAS—(Continued)

are held erect on strong stiff stems, making it a most effective variety for cutting as well as for garden decoration. See colored illustration on back cover. Plants, 75c.

La Favorita (Hybrid Cactus). Large hybrid cactus of a new and distinct coloring, a most brilliant orange. Free flowering; fine for exhibition. Tubers, 75c.

* **Lawine** (Cactus). A magnificent flower on long stems. White, lightly suffused pink. A strong, vigorous grower, early and profuse bloomer. One of the best for commercial cut flowers and for the garden. In beauty equalling most of the \$1.00 dahlias, but having a large stock we offer it at 25c., or \$2.00 a doz.

* **Lolita Velasco** (Hybrid Cactus). A marvelous white Dahlia, its long straight petals form into a flower of perfect shape, borne on long stiff stems. Fine for exhibition. See illustration on page 7. Plants, \$1.25

* **Mae Grefe** (Colossal Cactus). This is the largest of the pink cactus Dahlias. Improvement on "Colossal Peace," as it is not only larger than that grand old favorite but has long, stiff stems. Color, pure pink, shading to rose pink, tinting lighter at centre and tips of petals.

Tubers, \$2.50; plants, \$1.25

Magnificent (Cactus). Bronzy pink or oriental buff overlaid with rosy salmon. Tubers, 25c.; \$2.00 a doz.

* **Mariposa** (Hybrid Cactus). A perfectly formed hybrid cactus. The veining of the petals heightens the beauty and increases the novelty of the coloring. One of the gigantic California introductions which has depth as well as diameter of flower. An absolutely stiff stem. Blooms early and long. Early in the season the color is a pink suffused with lavender, but later the blooms are almost a pure lavender. See color illustration on page 9. Tubers, \$2.00; plants, \$1.00

CACTUS DAHLIAS—(Continued)

***Marjorie Castleton** (*Cactus*). Incurved narrow petals of a pleasing shade of rose pink with tips and centre of a creamy white.Tubers, 25c.

***Meesterstuck** (*Cactus*). This Cactus from Holland is one of the most distinct and attractive varieties that has come to notice. The flowers are perfect in formation, large but graceful, they are held erect on long stiff stems in such a manner as to display their full beauty, which in color is entirely distinct from any other variety, being a rich glowing French purple with brilliant aniline-red suffusion, which is intensified by the citron-yellow base of the petals which give the flower a bi-colored appearance that is quite novel. Don't miss it.Tubers, \$1.00; plants, 75c.

***Mrs. Edna Spencer** (*English Cactus*). One of the best of the narrow-petaled cactus varieties, the large flowers are produced on strong stems and are of a most delicate lavender-pink color with white suffusion. One of the best for cutting, the color being of a tint that is universally admired; the flowers have wonderful lasting qualities. Tubers, 50c.; \$4.00 a doz.

Mrs. Ethel F. T. Smith (*Giant Hybrid Cactus*). Creamy white, shading to lemon at the centre. This is a close counterpart, except in color, to Gladys Sherwood. The flowers are of the same formation, but still larger and not quite so deep in the centre; a remarkable Dahlia. Tubers, \$1.00; plants, 75c.

***Mrs. Warnaar** (*Hybrid Cactus*). A splendid free-flowering variety of creamy white with just a faint apple-blossom suffusion; flowers of gigantic size, over 8 inches in diameter, and on strong stiff stems; petals long and peculiarly twisted and curled.Plants, 75c.

***Mme. E. P. de Normandie** (*Cactus*). A large flower of most distinct appearance, very regular in form, ground color is silvery pink, shaded light mauve, with just a slight golden suffusion; very dainty. A valuable cut flower. Tubers, 50c.; \$4.00 a doz.

Mme. Henri Cayeux (*Cactus*). Clear pink, tinting to white at the tips. Long slender petals. A strong grower and extremely profuse bloomer.Tubers, 40c.

Cactus Dahlias continued on page 13.

Plants

***Pride of San Francisco** (Decorative).
One of the magnificent newer dahlias. Description on page 6.

CACTUS DAHLIAS—(Continued)

***Nibelungenhort** (*Cactus*). This is always greatly admired, with flowers from 7 to 8 inches across, composed of rather broad, more or less curled and twisted petals of a beautiful shade of old rose with golden apricot suffusion. Very free flowering on long stems. Tubers, 50c.; \$4.00 a doz.

***Nichu** (*Hybrid Cactus*). Stiff of stem, fine as a cut flower, entrancing in the garden; a greater producer all season long of immense yellow flowers; chrysanthemum like, or as a friend of Bessie Boston said, "it reminds me of my Pekinese dog, Nichu," hence the name. Thoroughly proven in our own gardens. Plants, \$5.00

***Papillon** (*Hybrid Cactus*). The butterfly dahlia. One of the largest of this type, has shown up wonderfully well in trials and which seems to be a greatly improved Geo. Walters. It is a beautiful blending of old-rose with golden lights. An early and incessant bloomer with strong, long stems. Tubers \$2.00; plants, \$1.00

***Pierrot** (*Cactus*). A unique and striking color, and of unusual grace, being composed of very long, narrow tubular

petals, which are of a deep amber color, usually showing white tips, but even when it comes a self-color without these tips it possesses an individual refinement different from all other sorts. Tubers, 25c.; \$2.00 a doz.

***Queen of Hearts** (*Cactus*). White, with creamy yellow at base. Tubers, 25c.; \$1.50 a doz.

***Rheinischer Frohsinn** (*Cactus*). A most distinct and refined variety. The flowers are large, of splendid form; the long, incurving petals are white at the base, but at about one-half their length they become suffused with and change to a luminous carmine-rose, the two colors combining harmoniously. An attractive flower. . . Tubers, 50c.

***Skagerrak** (*Cactus*). This beautiful, clear clean lemon-yellow has flowers which under ordinary field culture without disbudding measure 7 inches in diameter, which size we are certain can under special culture be increased to 9 inches or more. In form it is all that can be wished for, not at all heavy, the long petals making a deep gracefully shap-

CACTUS DAHLIAS—(Continued)

ed flower, always full to the centre; the flowers are held erect on good long stems, making it an ideal cut flower.

Plants, \$1.00

***Sunset Glow** (*Cactus*). It is larger than Red Cross and better in color; it is always perfect in form. The flower is carried on splendid stems. The color is yellow at base of petal, outer part overlaid flame scarlet, tipped yellow. One of the very first to bloom..... Tubers, \$1.00

***Vater Rhein** (*Cactus*). Flowers frequently 7 inches in diameter, raised well above the foliage on stout stems; the petals are broad, curled and twisted, forming an ideal flower, the color of which is yellow, suffused with salmon rose; attractive and imposing... Tubers, 40c.; \$3.00 a doz.

***U. S. A.** (*Hybrid Cactus*). Entirely distinct in color from all others, a pure deep orange, sparkling and glistening, an unusual color in Dahlias. These flowers are of large size, of good formation, on excellent stems, held so as to display their full beauty, and, not least of all, it is remarkably free flowering, being early and continuing in good condition to the end of the season. See illustration on page 6..... Tubers, \$1.25; plants, 75c.

***Wodan** (*Cactus*). Old gold at centre, shading to a salmon rose. This variety is in a class by itself, in-so-far as it is an extremely vigorous, almost rampant, grower, producing the big flowers profusely on very long stems. Ideal for cutting Tubers, 50c.

PEONY DAHLIAS

Dr. John Lane (*Peony*). A most pleasing Dahlia of the Geisha type, but larger and softer in coloring. A strong vigorous plant with deep green foliage. Color yellow, suffused golden orange at base of petals, shading to rich bronzy scarlet toward the centre and tinting lighter at the tip Tubers, 75c.

Geisha (*Peony*). It is the showiest, cheeriest and most attractive of this type yet introduced; the rich colored flowers are original in form, consisting of peculiarly twisted petals, of an effective and rich combination of scarlet and gold. Early bloomer Tubers, \$1.00; plants, 75c.

Mondescheibe (*Peony*). Canary yellow; a great bloomer and really beautiful . . . Tubers, 50c.; \$4.00 a doz.

POMPON DAHLIAS

Elfin. Light primrose yellow Tubers, 25c.

Klein Domitea. A golden terracotta . . . Tubers, 25c.

Little Herman. Cardinal red, shaded maroon; tipped white Tubers, 25c.

Snowclad. The best pure white pompon. Tubers, 25c. 3 ea., 12 tubers, \$2.25; 6 ea., 24 tubers, \$4.50; 12 ea., 48 tubers, \$8.00.

TWO WONDERFUL CANNAS

Few flowers equal the canna for mass planting or for bordering drives. The two best reds—and red is easily the favorite—are *King Humbert*, with bronze foliage; *The President*, with green foliage. They grow about three feet high; are sturdy, healthy, happy things, making a mass of bloom during a long season.

The President, 25c. each; \$2.50 per doz.

King Humbert, 20c. each; \$2.00 per doz.

12 tubers, 6 each, \$2.25.

ONE DOZEN DAHLIA TUBERS -- ONE DOLLAR

(POSTAGE PREPAID)

Unnamed—likely to be no two alike—but that is uncertain. In handling a hundred thousand tubers, some get mixed. The moment that happens, they go into this Lucky Heap. Try a few dozens—massing in corners.

GLADIOLI

Gladioli are one of the most beautiful and satisfactory of garden flowers. When cut they last a week to ten days in the house, are very easy to arrange into a most artistic bouquet. They bring sunshine into the home because they are so bright and cheerful.

Gladioli are unlike dahlias as to constant flowering. You should make two to four plantings, the first as soon as danger from frost is past; with successive plantings two or three weeks apart, in this way giving you blooms throughout the entire season. We offer the following fine quality varieties.

America. Wonderful large deep flowers on long spikes. A most beautiful soft flesh-pink; orchid-like in its coloring and texture. 6c. each; 60c. per doz.

Dorothy McKibben. One of the best for garden and cutting, you should have it in your collection. Large flowers well set on a vigorous stalk; apple-blossom pink, variegated, petals ruffled. Exquisite. 18c. each; \$1.75 per doz.; \$15.00 per hundred.

Deuil de Carnot. A superb French introduction with large open flowers of velvety crimson-maroon, shaded with black; very rich in color. 25c. each.

Etendard. One of the choicest introductions of the famous French hybridizer, Lemoine, with immense orchid-like flowers, four inches or more across. Upper petals rich, cream-tinted rose, lower petals marked with large fiery-red blotches, clearly margined with bright yellow. 20c. each.

Evelyn Kirtland is a charming type of gladiolus, outer petals a rose-pink, throat a dainty shell-pink. 15c. each.

Flora. A vigorous grower, with long spikes producing large golden yellow blooms. 15c. each.

Gretchen Zang. A soft shade of pink with scarlet marking on lower petals. This is a most satisfactory flower, growing on long spikes. 12c. each; \$1.25 per doz.

Herada. Immense blooms on long spikes; a vigorous grower. The flowers are a beautiful pure mauve with deeper markings in the throat. 12c. each; \$1.25 per doz.

Mrs. Francis King. A striking shade of light scarlet or flame color. Highly effective. 10c. each.

Mrs. Frank Pendleton. A most admired gladioli; vigorous grower, large soft salmon-pink blooms, the throat dotted red; blooming to the tip of long straight spikes. Have this in your collection. 20c. each.

Niagara. A wonderful bloomer, fine for cutting, long straight stems. Color, a cream, deepening to a canary yellow; carmine blush at tips of petals; streaked throat. 10c. each; \$1.00 per doz.

Schwaben. One of the freest bloomers, of sturdy growth. A beautiful canary yellow, shaded to sulphur-yellow; throat speckled with crimson. 10c. each; \$1.00 per doz.

COLLECTION OF GLADIOLI

These are arranged to give a wonderful selection of blooms, and great satisfaction, at a very low cost, and require a very small plot of ground.

America—lavender-pink.

Dorothy McKibben—pink; apple-blossom throat.

Gretchen Zang—salmon-pink to deep salmon.

Herada—mauve, with color splotches in throat.

Niagara—cream color, deepening to yellow.

Schwaben—canary yellow, shaded to sulphur-yellow.

6 each of above, 36 tubers, \$3.00 or 12 each of above, 72 tubers, \$6.00.

CALIFORNIA PRIVET

California Privet is a strong healthy plant with glossy green leaves. Nothing attacks these rugged plants, neither insects nor disease find lodging here. California Privet makes a most beautiful green hedge, screens, arches, for clumps on the lawn and many other purposes. For hedges, plant six inches apart in a single row, or in double rows zig-zagging every other plant, using two plants to the foot. Privet can be trimmed in any shape you desire.

12" to 18" plants, 5c. per plant; \$4.50 per hundred. 18" to 24" plants, 7c. per plant; \$6.25 per hundred.

24" to 36" plants, 10c. per plant; \$8.50 per hundred.
